LP Families:

Coming soon, a return to some food services at LP - More info to come in April!

Last year at this time, the messaging home was very different and in many ways uncertain as to how schooling was going to look after Spring Break.

This year, I am happy to send a message home wishing everyone a safe and restful Spring Break.

Though there are still restrictions and Public Health orders to follow, and these orders will continue to change and fluctuate, all indications at the moment suggest a “back to our Quarter 3 Schedule” after the Break.

Thanks to all of our parents, staff and students for your understanding, patience and flexibility over the past 12 months.

Principal, Lambrick Park Secondary

Best Wishes for a Safe and Healthy Spring Break!

[Secondary Snapshot - Managing Family Conflict](#)

The COVID-19 pandemic and the public health response to this crisis requires us to spend more time together in our homes, and has limited important social connections and recreational outlets for teens and families.

With these limitations families may experience even greater levels of stress, anxiety, and social isolation, which, in turn, can increase conflicts between family members.
