LP Families:

Hopefully everyone had a relaxing Spring Break. A few things as we head into the long weekend.

Academy Golf Fundraiser: Thanks to all the staff parents and community groups that have helped us with our 2nd Annual Academy Golf Tournament tomorrow at Bear Mountain. Part of the event is an online auction of a range of items. Feel free to check it out at <https://lpbsa-auction.singletrack.ca> and bid on anything that piques your interest. Thanks again to everyone that has donated, bid, or volunteered to make this event happen, we really appreciate your time and effort.

COVID Updates: As per the email sent out earlier in the week, masks are now to be used by everyone in the school while inside during classes etc. Please remind your child to bring a mask and to wear it while in classes. We will continue to share any updates or changes as they arise.

Grad 2021 Committee: We recently had a grad committee meeting and our grads are closely monitoring the COVID restrictions and guidelines. Our plans are to do everything we can to make Grad 2021 as good as we can. Currently the committee is looking for a venue for any Grad Ceremony we may be able to have. We do have UVIC booked, but with restrictions to large gatherings we are considering alternate plans. An idea the committee is leaning toward is the possibility of trying to book Lambrick Park Church for whatever the ceremony may be in June. Stay tuned for more information as we continue to plan during the pandemic.

Assessments: Some LP students will be writing their government assessments soon. Parents of students that are writing an assessment, please encourage them to try one of the practice assessments available using the following link. This is a great way to familiarize yourself with the format, wording, and expectations of the assessments

Have a great long weekend.

Good afternoon parents/guardians,

As the Greater Victoria School District starts preparing the 2021-2022 budget, it is seeking input to develop a budget that reflects the needs of its learning community. The District is asking families, staff, students and educational partners, how they can prioritize areas to support student success for all.

The District has launched an online engagement where participants can share their thoughts on budget priorities, view the ideas of others, and rate all ideas as they are posted in real-time.

Join the conversation: <https://my.thoughtexchange.com/346444921>

*The online forum will close on Monday, April 12, at 4:00 p.m. We encourage people to visit the online platform more than once to build on each other's ideas and to rate any additional thoughts.

All input provided will be presented at the Board Meeting on Monday, April 26, 2021, and posted on the District website. The input received will be used to guide decision-making for the 2021-2022 budget process.

Annual budget development allows an understanding of current investment in areas of success for students: literacy, numeracy, health and well-being and the path to reconciliation, while at the same time identifying areas of opportunity and emerging need to advance student success.

The Greater Victoria School District is comprised of 47 schools that serve the communities of Esquimalt, Oak Bay, Victoria, View Royal, portions of Saanich and the Highlands, along with the Esquimalt and Songhees Nations. It is proud to provide quality education for more than 20,000 students—including 1,000 international students from across the globe and over 650 adult learners.

PARENT SURVEY 2020/2021

Parents of students in Grades 10 and 12 are asked to take a few minutes and complete a survey developed by the Ministry of Education. Your responses help the school, the district, and the ministry get a parents perspective about Lambrick. Please take some time and complete the survey before April 30, 2021.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link with or without an anonymous logon code by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the *Results* section.
