CAREER CENTER NEWS:

Tourism and Leadership Exploration

This is a great opportunity for students to explore the outdoor tourism industry. This summer program is ideal for students interested in travelling and working in tourist destinations like Tofino. Students study for one month at the West Coast College and then have a 40-hour work experience with a local outdoor adventure company which often leads to permanent employment.

If you want your office to be the great outdoors, see Ms. Croucher in the Career Centre for more information and to apply.
