MARCH 8 – 12 :

LP Musical Theatre present “NEWSIES”

Tickets on sale [NEWSIES tickets](#)

To LP Families:

Next week we start course selection with our grade 9, 10 and 11 students. As per our weekly updates the past few weeks, below is a link to where you can find information about grad requirements and course offerings for next year. Students will be missing a portion of one of their C block classes this week to complete the course selection forms. We will be recommending that students take a picture of their selection form and bring it home to discuss with their families.

If you have not done so already, please prepare for this process by viewing and discussion options on our course selection slide show, the course catalogue, and our course selection webpage linked below.

Grade 12 students in mixed grade classes will be remaining in class and completing the Provincial Student Learning Survey.

See the message below regarding parents/guardians of students in grades 10 and 12 to participate in the Parent version of the survey.

We are happy to announce that some Covid Restrictions have been lifted at LP.

We can now allow for mixed groups of students to meet in large groups and many of our entrance/exit, as well as lunch time restrictions are no longer in place.

Please note that staff and student ARE STILL REQUIRED to wear a mask while indoors.

Thanks for everyone's understanding, support and patience as we continue to follow Public Health Orders.

We will send our some information soon about how the updated Provincial Health Orders will allow for some shifts to our protocols at school. For now, we know that masks will remain a requirement, so please remind your child to bring a mask or 2 to school and masks are to be worn while indoors.

Provincial Student Learning Survey 2021/2022

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers, and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

The Student Learning Survey will be administered to students in **grades 10 and 12**, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link with or without an anonymous logon code by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the *Results* section.

The e-survey site will be open until April 29th.

Students at Lambrick can access the survey through their Careers 10 or Careers 12 Google Classroom. Some students will be provided the opportunity to complete the survey at school when and where possible.

LAMPAC:

Next zoom meeting WEDNESDAY March 2 - **7:00pm**

ELEVATE AVIATION

March 7-11, 2022
SAVE THE DATE
REGISTRATIONS NOW OPEN!

ELEVATE AVIATION 6TH ANNUAL

VIRTUAL CROSS COUNTRY TOUR 2022

Elevate Aviation's Annual Cross Country Tour will be virtually delivered across Canada to promote diversity, equity and inclusion in aviation. Women's contributions to aviation and aerospace are crucial to the future of the industry. With looming occupational shortages and a desire for greater diversity, the need to promote aviation careers to women and girls is more important than ever.

From March 7-11th, our virtual tour will present from different regions across Canada. Each day will host 3 one-hour sessions, with an opportunity to hear from three different speakers per session. There will be a maximum of 100 zoom participants per session.

SEE WOMEN IN AVIATION AND AEROSPACE DIFFERENTLY

- Airport Operations & Flight Attendants
- Aircraft Maintenance Engineers
- Air Traffic Services/Hangars & Aerospace Engineers
