Before You Start Checklist

- Proof of School Age Eligibility and Citizenship
- Proof of Residential Address
- Confirmation of Catchment School

Determining Your Catchment School

Each student looking to register in our District must first identify their [school catchment](#), with the exception of Continuing Education and International students. Each address is associated with an elementary, middle and secondary school in our District that new students must register at. To determine which schools are associated with a home address, visit the [School Locator Tool](#).

Once you have all the required documentation and have determined your catchment school, you are ready to start.

If you cannot register online, please contact your catchment school and they will provide assistance. We also ask that you contact your current school for assistance if you are looking to register in a Secondary Program of Choice or Careers Program.
