FRIDAY, FEB 2 1. Presentation Preparation Day 2. Presentation Day 3. Presentation Day	

January 22nd- 26th

We are almost at the end of Semester 1! 🎉 It has been exciting to see our classes wrap up with projects, complete presentations, host visits from other schools and other significant final assessments. Well done to everyone for working towards success this semester!

Please see the graphic above for specifics about next week's schedule as we transition into Semester 2. Necessary course changes can be made in the Counselling Offices.

Students are reminded to submit their Core Competency Goal into [Student Connect](#), as it will be part of their Learning Update (Report Card) this term. Details are available on their Careers Google Classroom. Please see Ms Nielson or Ms Mathias for support if needed.
